Reply to Attn of: QD01

TO: DA01/Director
THRU: IS20/MSFC Directives Manager

FROM: QD01/Safety and Mission Assurance Directorate

SUBJECT: Request for Cancellation of MWI 8715.16 "Supervisor Safety, Health, and Environmental (SHE) Visits"

In accordance with MPR 1410.2, 2.1.5, "Marshall Management Directives System," QD01 requests approval for cancellation of MWI 8715. 16, "Supervisor Safety, Health, and Environmental (SHE) Visits."

The annual S&MA review of MWIs revealed that this MWI is no longer needed. The requirement for supervisors to perform SHE visits of their work area is contained in MPR 8715.1, "Marshall Safety, Health and Environmental (SHE) Program." Instructions for how a supervisor SHE visit is conducted have been added as an Appendix in MPR 8715.1, "Marshall Safety, Health and Environmental (SHE) Program," Revision J.

Therefore, MWI 8715.16 is no longer required.
